Thank you for the opportunity to provide testimony in support, with amendments, of [Senate Bill 668](#). We are writing on behalf of the Maryland Education Deans Council representing all twenty-one (21) Education Deans and Directors at the University System of Maryland (USM), Maryland Independent College and University Association (MICUA) institutions, Morgan State University, and St. Mary's College of Maryland. The Maryland Association of Community Colleges joins us in the testimony.

The Education Deans Council and the Maryland Association of Community Colleges are supportive of introducing a teacher apprenticeship pathway into the profession, which we agree could expand outreach to a broader and more diverse pool of candidates who might become teachers. This pathway into teaching may be particularly attractive to low-income candidates, since earning a salary while engaged in a teacher preparation program could be an attractive incentive.

We offer several suggestions for your consideration for this bill:

- 1) Include institutions of higher education (IHEs), especially community colleges that have approved CTE pathways, in the list of required participants in apprenticeship sponsors. Since the bill references both high school and college students, we think it is especially important that IHEs should be included to ensure successful and sustainable apprenticeship pathways and partnerships.
- 2) We are suggesting a pilot year with one or two pilot programs to determine what might be a reasonable administrative cost for such a program up to \$500,000.

- 3) Allow for registered teaching apprenticeships to be offered by one local school system, with appropriate funding. Each school district has unique needs and some IHEs work with only one local school system, so requiring three local systems will slow down implementation.

**For these reasons, the Maryland Education Deans Council requests a favorable report of SB 668 with amendments.**
