HB0580 Written Testimony

Voter intimidation is already a crime in Maryland. All this bill does is remove my **right** to defend myself in yet another location. This bill also does not follow the law post Bruen in that it does not follow the history, text, and tradition of the 2nd Amendment when it was adopted. If you feel that you must pass this bill to appear to be fighting for gun control, then I urge you to amend it to exempt those of us with concealed carry permits. It is past time that Maryland gets in line with the rest of the country in regards to gun rights of its' citizens.
