

HB0641 Election Law Curbside Voting
Position: SUPPORT

04/01/24

Please support HB0641 - Curbside Voting.

This bill is supported by several self-advocate organizations, such as People First and People on the Go, because it would make voting more accessible for disabled people (like me!). Voting is a fundamental right- this bill would make it possible for more people to exercise that right.

Thank you.
