TESTIMONY IN SUPPORT**

HB 933 Behavioral Health Crisis Response Services—988 Trust Fund Fees

The Maryland Coalition of Families: Maryland Coalition of Families (MCF) is a statewide nonprofit organization that provides family peer support services at no cost to families who have a loved one with a mental health, substance use, or problem gambling disorder. Using their personal experience as parents, caregivers and other loved ones, our staff provide emotional support, resource connection and systems navigation as well as support groups and educational trainings and workshops.

Maryland Coalition of Families is pleased to support HB 933 Behavioral Health Crisis Response Services—988 Trust Fund Fees. This bill establishes a permanent funding source for the 988 Trust Fund to sustain and strengthen 988 mental health helpline services in Maryland.

Maryland established the 988 Trust Fund in 2022 to provide dedicated funding for 988, but no permanent funding source was established at that time. Instead, federal grants and state general revenue funds have supported Maryland's 988 launch. These state and federal funds run out next year. Maryland's 988 network needs a permanent funding source to address this fiscal cliff.

HB 933 would create this permanent funding mechanism through a \$0.25 per month 988 telecom fee modeled after Maryland's current 911 funding structure. This would generate \$15-20 million annually to support current 988 operations, investments in new technology, and targeted service expansions. This dedicated funding is essential to meet increasingly strict federal 988 standards and ensure Marylanders can access 988 for lifesaving counseling and support when they need it.

Last year Maryland Coalition of Families served over 4,600 Families and nearly 70% were families with children. 988 is an essential lifesaving resource and support our families utilize.

Maryland Coalition of Families urges the House Health and Government Operations Committee to pass HB 933.
