

SB 396: Criminal Procedure - Stops and Searches - Cannabis Odor and Admission of Evidence (Drug-Free Roadways Act of 2024): Please support this bill!!

Dear Chair Smith & Vice Chair Waldstreicher and all other esteemed Committee Members:

Please support this bill!!

It is very important to have safe roadways for all drivers. Police officers should be allowed to pull over vehicles for having a Cannabis odor, as well as an alcohol odor.

Please vote to support this bill in order to keep our roadways as safe as possible for all drivers.

Thank you.
