

Testimony Against SB0451

Honorable Delegates

Please enter an unfavorable report about SB0451.

I am opposed to

- Requiring the Maryland Department of Labor to allow an individual to take all components of the General Educational Development Test in the same language from English- or Spanish-language examinations offered by the Department; and
- requiring the Department to study the feasibility and cost of offering the examination in additional languages and to report its findings and recommendations to certain committees of the General Assembly on or before December 1, 2026.

I am opposed to allowing anyone to take a high school equivalency test in any language except English. Thus, I am greatly opposed to offering the examination in additional languages.
